Many steps are involved in the process of establishing a nonprofit organization, none more important than qualifying as a tax-exempt entity. The MSU College of Law Small Business & Nonprofit Clinic and the MSU College of Law Alumni Association present a seminar designed to share valuable information on obtaining tax-exempt status from the IRS and maintaining ongoing tax compliance.

The seminar is being presented by Karim Hanafy, a former Tax Law Specialist in the Tax-Exempt and Government Entities Division of the Internal Revenue Service. Due to Mr. Hanafy's experience working for the IRS, he is able to provide a unique insight into how to complete the Form 1023 application for tax-exempt status, as well as proper planning to maintain tax-exempt status, and the restrictions and regulations which must be followed to ensure compliance.

To reserve your space, call the Small Business Clinic at 517/336-8088 ext. 31, send an e-mail to dandridn@law.msu.edu, or register online at <http://www.law.msu.edu/clinics/> no later than Tuesday, February 26, 2008.
